

CO<sub>2e</sub> Saver Certificate

# Torello

reduced its environmental footprint by a total of

# 893 t

Jan. 2022

Dec. 2022

by performing **943** transports with CargoBeamer in 2022.

CO<sub>2e</sub> savings by using rail  
instead of road transport:

**838 t**

Calculated  
by using:

Remaining emissions offset  
with gold standard certificates:

**55 t**

Certified by:

CargoBeamer certifies that the CO<sub>2e</sub> emissions of Torello were reduced by the amount of 893 t CO<sub>2</sub> equivalents (CO<sub>2e</sub>) using CargoBeamer compared to road transport in 2022. The savings were calculated using EcoTransIT World, the industry leader for emissions calculations in the transportation sector, and are compliant with EN 16258. To perform a carbon neutral service, CargoBeamer offsets all remaining CO<sub>2e</sub> emissions with gold standard certificates. TÜV Nord Cert has certified our service as carbon neutral.
